To

Secretary to Government, General Department,

SIR,

With reference to your letter No. M. 5011-P.&.S. 71-21-2, dated 9th instant, forwarding copy of letter No. 580, dated 26th April 1922 from the Secretary, the Hindu Education Mission Mysore, and requesting me to furnish my views in the matter of entertaining ladies in the Government Presses at Mysore and Bangalore, I have the honor to state that Hindu tradition sentiment and prejudice are not ripe enough to tolerate such an innovation. Individual ladies cannot be put in the same room where males are at work. If a number of women come forward, it may be perhaps possible to put them separately in a room by themselves or work.

The profession of printing no doubt lends itself admirably to the entertainment of women employees; but their individual training must begin in private offices of small establishments, preferably in Presses owned by their kith and kin before demand is created for their employment in larger establishments like the Government Presses. In this connection

I may mention that in the Good Shepherd's Convent at Bangalore a printing office has been recently established which I understand is worked and managed by women.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent.

Sir,

With reference to your letter No. 580 of 26.4.22, requesting that appointments in the Govt Press may be thrown open to trained women, I am directed to state that, although printing work lends itself ~~admirably~~ to the employment of women, there are practical difficulties in the way

of offering employment to solitary individuals in institutions like the Govt. Press. If at least ½ a dozen trained women offer themselves for employment, Govt will have no objection to consider their cases.
